

# Mind the GAP

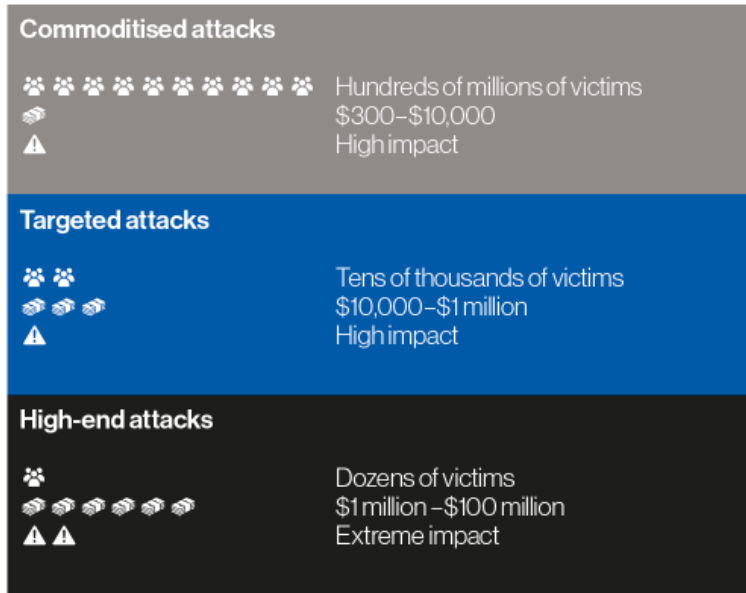

**Pavol Adamec**

**Executive Director, Risk Consulting**

**KPMG in Slovakia**

**January 2018**

# Closing the Gap, Lloyd's, KPMG and DAC beachcroft, 2017

- Primarily targeted
- Frequently targeted
- Occasionally targeted
- Rarely targeted

The order of the circles in the same category does not indicate relative frequency.

## Utilities

Worried about the unknown

## Oil & gas

Can find themselves a political target

# Mind the Gap

Resources  
Knowledge  
System life-cycle

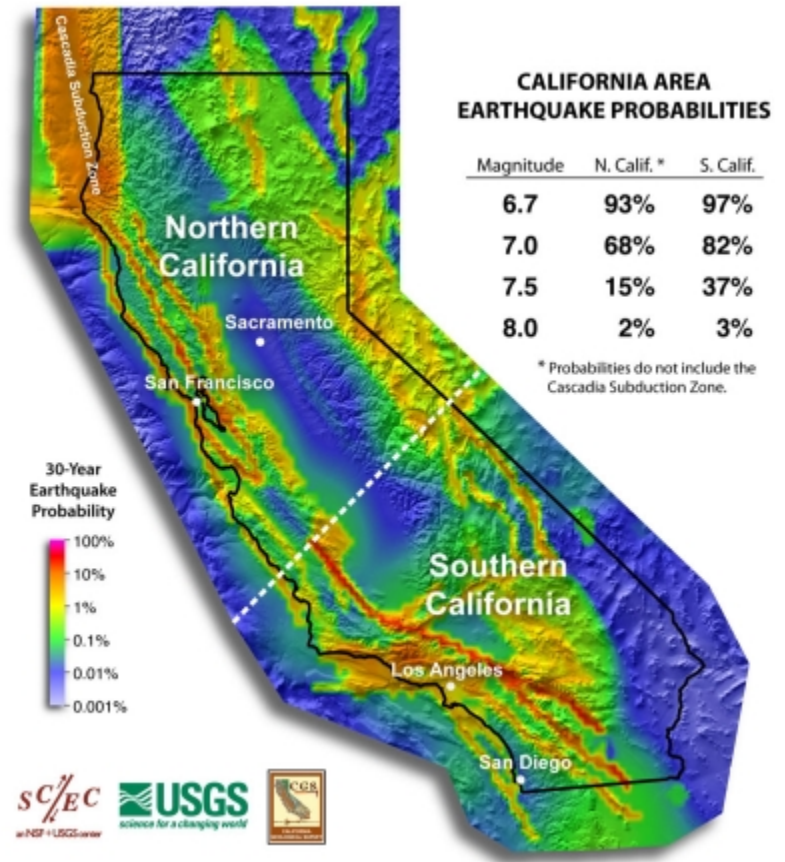

# Mind the Black Swans

Each year the **southern California area** has about **10,000 earthquakes**

Only **several hundred** are greater than **magnitude 3.0**, and **only about 15-20** are greater than **magnitude 4.0**

If there is a large earthquake, however, the aftershock sequence will produce many more earthquakes of all magnitudes for many months.
